WHAT MATTERS

WHAT MATTERS

Overall maritime risk assessment is pending until coverage is complete. The assessment is concentrated on Iran. What matters operationally is whether another commercial-vessel attack occurs or a route disruption is reported; that assessment is distinct from the highest individual incident severity of High.

IMPLICATIONS FOR BUSINESS

- Review passage plans and escalation triggers for Strait of Hormuz.

WATCH NEXT

- Monitor Strait of Hormuz for a further commercial-vessel attack, a route disruption, or a commercial consequence.
