SITUATION

Cargo exposure this period was led by inland transport activity and concentrated in India.

WHAT MATTERS

- Cargo theft in transit: 33 unique incidents centred on India, stressing route security and driver integrity.

BUSINESS PRIORITIES

- Reinforce route planning and driver vetting against cargo theft in transit in India.

WATCH NEXT

- Repeat hits on the same corridor, operator or load type.

POLESTAR VIEW

The available reporting is consistent with continued inland transport exposure around India, rather than a confirmed, coordinated campaign. Confirmed loss figures cover only a minority of records, so the true financial exposure is understated.
